The Gantt chart illustrates the project timeline across various months. The horizontal axis represents time, and the vertical axis lists resources. The chart uses colored bars to represent different phases or tasks:

- Black Bars:** Represent the initial phase, starting on 25 ago. 25 and ending on 6 oct. 25.
- Red Bars:** Represent a series of tasks starting on 25 ago. 25, with the first task ending on 1 set. 25 and subsequent tasks continuing through 22 set. 25.
- Blue Bars:** Represent a series of tasks starting on 15 set. 25, with the first task ending on 22 set. 25 and subsequent tasks continuing through 6 oct. 25.

A key at the top provides symbols for resource types:

- V: Vertical bar
- S: Square
- D: Diamond
- L: Left arrow
- M: Middle arrow
- J: Right arrow
- N: No symbol

A note "◆ 26/9" is located near the end of the blue phase, indicating a specific date or event.
